

AEEE presents the **“Forum on Energy Efficiency and Decarbonisation 2024 (FEED 2024)**, its annual flagship event, to build a dialogue aimed at delving deeper by addressing the climate crisis demands collective action, cooperation, and knowledge sharing across industries, governments, and communities. In line with the G20 New Delhi Leaders’ Declaration and COP28’s outcomes, this flagship event places a strong emphasis on decarbonisation for achieving a net-zero economy and the crucial transfer of knowledge in adopting technology & energy efficient solutions across the value chain. India’s ambitious initiatives, actively aligning with the call for transformative action within industries, reflect a commitment to a cleaner energy-efficient future.

With AEEE’s FEED 2024 around the corner, the stage is set for a continued dialogue on clean technologies, collaboration, and sustainable solutions. The Forum aims to accelerate development, ensuring affordability and accessibility for all. The overarching theme for FEED 2024 is: **“Achieving India’s energy efficiency commitment by 2030: Fueling investments, creating green jobs, and forging key alliances.”** Continued collaboration between government, industry, and the public is essential for climate resilience and meaningful outcomes in India’s dedication to a cleaner and greener future.

The forum brings together stakeholders from India’s sustainability and energy efficiency ecosystems, facilitating interactions for enhanced business competitiveness through energy efficiency.
